About Your Policy

Mechanical Breakdown Insurance (MBI) protects **you** against the cost of sudden and unforeseen breakdown of **your** vehicle.

This document is the policy wording for Extreme Plus – **our** most comprehensive MBI cover.

Your policy is a contract between **you** and **us** and is comprised of:

- Your online application or application form;
- Your policy wording; and
- Your current policy schedule; and
- Any other document issued by **us**, which may vary or modify the above documents.

Please keep these documents safe and read them together.

It is important **you** read **your** policy in full and understand **your** benefits and the terms and conditions of **your** policy, including what **your** insurance covers – and what it doesn't. If there is anything **you** don't understand, or if **you** have any questions, please contact **us**.

Your vehicle details are stated in your policy schedule. If they are incorrect in any way, including vehicle make, model, year or odometer reading, you may not qualify for the extent of cover you have selected. It is important that you check your policy schedule and advise us immediately if any details are incorrect or need updating.

Defined Words

If a word is shown in **bold** it has a special meaning. There is a list of these words and their meanings in the Definitions section of this policy.

Duty Of Disclosure

You have a legal duty of disclosure when you apply for insurance, make changes to your policy and when making a claim, to tell us everything that a prudent insurer would want to take into account in deciding:

- Whether to issue your policy;
- The applicable terms and conditions of **your** policy;

- The amount of **your** premium;
- Whether any alterations to **your** policy will be made:
- Whether **your** policy will respond to **your** claim.

If you breach the duty of disclosure, we may void your policy from the start of the period of insurance and refund any premiums you have paid us.

What You Are Insured For

Your current policy schedule will show the cover level, any applicable additional covers and benefits for your vehicle based on its make, model, category, age and odometer reading at the start of the period of insurance and any conditions we imposed on your policy.

For **electric vehicles** the **Electric Vehicle** Package is added to this cover.

If your vehicle suffers a breakdown of a covered component during the period of insurance while in New Zealand and you have complied with the terms of this policy, we will settle your claim by, at our discretion, choosing to either have an authorised repairer repair your vehicle, with components that are comparable to the condition of your vehicle at the time the breakdown occurs, or pay you the cash value of these repairs.

The most we will pay for any one claim under your policy, is the maximum claim entitlement for your cover and the additional benefits, less the excess stated on your policy schedule.

Where we consider your vehicle is uneconomic to repair, we will settle the claim as a total loss and pay you the market value of your vehicle at the date of claim, or the maximum claim entitlement as stated on your policy schedule, whichever is lower, less any excess. If we settle the claim as a total loss then the period of insurance ends.

The most we will pay for the total of all claims in one period of insurance under this policy is limited to the value of your vehicle as stated on your policy schedule, or the market value of your vehicle at the start of the period of insurance, whichever is lower, less any excess.
